Welcome!

This directory is meant to serve as a source of information on services and assistance available for older adults, caregivers and family members in Davie County. While we have made every effort to include a comprehensive listing within the constraints of our time and resources, we do not claim that this publication is all-inclusive regarding services for older adults, nor that it is free of errors.

Inclusion in this directory does not constitute an endorsement or recommendation by Davie County Senior Services or the Community Affairs & Communications Subcommittee of the Davie County Aging Services Planning Committee, nor does exclusion imply a negative evaluation.

**For corrections, updates or suggestions for additions, please notify

Special thanks to Jake Reavis, Appalachian State University student who compiled much of the original information for this guide as part of his Summer Intern project, as well as the Community Affairs & Communications Subcommittee of the Davie County Aging Services Planning Committee for their assistance. The Aging Services Planning Committee is comprised of Davie County residents appointed by the Board of County Commissioners. They serve in advocacy for older adults, persons with disabilities and their caregivers. The Committee meets bi-monthly in oversight of public funding that enables older adults to age in their homes as long as possible. For more information on the committee, call the Area Agency on Aging at 336-904-0300.
