Comment

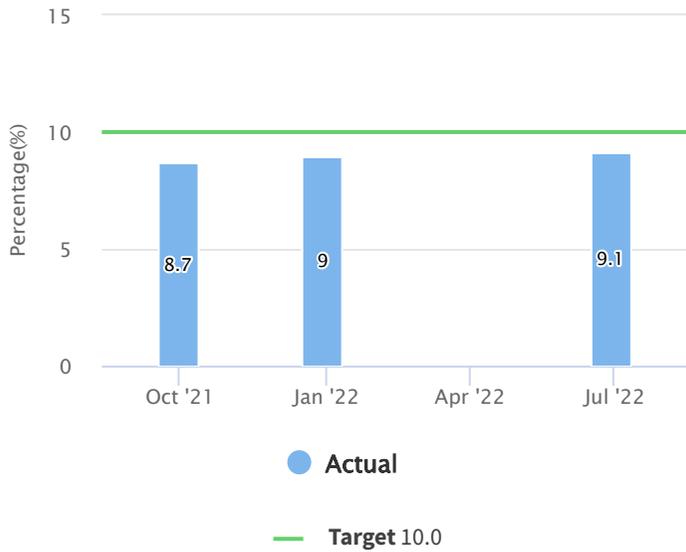

Cooperative Extension staff are working diligently to achieve the 10% goal. This is certainly a stretch goal since the 2017 Census of Agriculture (released in 2019) shows Davie County farmland acreage increased by 29% over the 2012 census. Total land in farms in 2012 was 59,618 acres and in 2017 was 76,933 acres.
