

Davie County Public Utilities
Wastewater Collection
Annual Performance Report for 2014

General Information: County of Davie
Responsible Person: Raymond Lambert

Mailing address: 298 E Depot St. Suite 200 Mocksville NC. 27028
Phone Number: 336-753-6090
Permit Number: WQCS00106

Description of System: Gravity, Force mains, Submersible
Pump stations

Description:

Davie County operates a collection system that includes 11 pump stations, 12.1 miles of force main, 19.80 miles of gravity sewer, 1.69 miles of 10" gravity sewer and 0.63 miles of 18" gravity sewer. Pumping an average daily flow of 267,000 gpd (gallons per day) through the Yadkin River Pump Station to Forsyth County Utilities.

Performance:

Davie County had three reportable sanitary sewage overflows in 2014 - all being less than 1000 gallons. The over flows were caused by blockages from either grease or debris in the sewer lines. No major upgrades to the system have been completed in 2014.

Notification:

Each customer will receive a notice on their bi-monthly water bills with notification that the report will be available online at www.daviecountync.gov and also available in our office located at 298 E Depot Street Mocksville NC. 27028. Davie County operates two government access channels: Time Warner Cable

channel 6 and Yadkin Valley Telecom channel 25. This also provides great information that runs on a loop for FOG (Fats Oils and Grease).

We are excited to bring this 2014 system annual performance report to you and look forward to making 2015 an even better year in the performance of our system.
