Brief Project Description**Total Square I Construction Cost**

adding 25 ft. x 16 ft. to storage area	400	60000
Interior Renovation	18895	896411

Complete interior renovation of K Building at the old high school site, including extensive demolition of interior walls and finishes, minor structural work and a complete replacement of mechanical and electrical systems. A new multi-toilet restroom for men and women will be added within the existing perimeter walls and some minor plumbing renovation work in existing bathrooms will occur. Limited site work will occur including new asphalt for parking and two exterior building canopies at two existing entrances. The new facility will be Davie County Schools' Virtual School plus administration offices for several departments.

	33222	5000000
Self Storage Facilites	33300	873484

Tesla, Inc. is proposing to install Supercharger station within the parking lot of Sheetz. The project includes the installation of (2) V3 Supercharging Cabinets, (8) V3 Charging Posts, (1) Meter on H-Frame, (1) Switchgear assembly with integrated master controller and (1) utility transformer.

	300	20000
install roof mounted solar panels	0	0
