Select Homes Inc	7000 138790 40000	365 Renovation 1531 Off Frame Modular Home 800 New SFD	Existing 13' X 33' brick patio with a pergola cover. The cover has (34) 13' 2'X6' runners on 12" centers with lattice on top. Would like to remove these 34 runners and install new 4" X 6" girders on two sides to raise this area approximately 8" to install a new hip roof over this area. Two sides of the existing structure already have 4" 6" girders with 4'X 6" support posts. Two new support posts need to installed on these existing girders to have supports every 6'. The other two sides will need new 4'X6' girders with 4'X4' support posts every 6 feet. The existing 34 2"X 6" runners will be used to install a new hip roof with 16" centers. The existing structure will be raised approx. 8 " so that the new hip roof will drain into two existing house gutters. This new roof will be covered with 4' X 8' polycarbonate 8mm clear greenhouse roofing sheets with appropriate "h" channels panel connectors, "U" channel ends and clear roof panel ridge caps. The intent is to have a free standing covered roof over this patio that will drain into the existing house gutters with a polycarbonate sheeting dried in on top of the roof.
