3/18/2019

Davie County Commissioners,

The Executive Board of the Davie County Fire & Rescue Association recently met to review the proposed drafts of the Fire Contract and Ordinance. The Executive Board is comprised of the Fire & Rescue Chiefs of Davie County with input of other ranking fire service members including Chiefs that serve Davie County from an outside county.

After discussing the drafts at length, it was a unanimous decision of all departments to request the Board of Commissioners consider two items:

- 1) We request that the contract with Davie County and Fire/Rescue Departments are currently operating under be extended for another year to allow us time to properly review the proposed draft and provide input.
- 2) We request that the vote scheduled for the Ordinance in April be postponed so that sufficient time is allowed to properly review and provide input.

Sincerely,

FARMINGTON - Todd Taylor	COURTNEY - Greg Cole	Center - Bill Smith
