Chiefs,

As you may know our Board of County Commissioners have been assessing a new Fire Ordinance which would yield new contracts with our departments. The current versions that we are soliciting feedback on are in draft form only.

As an out of county department we appreciate what you do to help support fire protection in Davie County. We wanted to let you know that we haven't forgotten about you in this discussion. Our issue is more about getting our Ordinance correct as a first step, because County Ordinances may differ across borders and we wish to cause no confusion with whatever Ordinance exists in your home county. After receiving feedback from our county fire departments and elected officials, we will certainly check-in with you and obtain your feedback once we compile feedback about the Ordinance and work towards a next draft and new contract.

Please let us know if you have any questions in the meantime.

Sincerely,
