Permit Holder/Contact: _____ Title: _____

Phone #: _____ Email: _____

(Revised 4/19/21)

DAVIE COUNTY INSPECTIONS DEPARTMENT
TERMS OF AGREEMENT FOR TEMPORARY UTILITY

CONSENT OF THE APPLICANT. The applicant shall consent to all provisions of this agreement. Additionally, consent shall be extended to remove or allow to be removed all power supplied to a building or structure under these provisions when in the sole discretion of the Code Enforcement Official deems such service is no longer consistent with the provisions of this agreement. The applicant shall also be responsible for all applicable fees associated with the Temporary Utility authorization.

TEMPORARY CONNECTION. The Inspection Department may authorize the temporary connection of the building or system to the utility source of energy, fuel, or power for the purpose of testing building service systems (General Statute 153A-363 and 160A-423)

INSPECTIONS. Adequate inspections as deemed necessary by the Code Enforcement Official shall be made prior to energizing to assure that the usage complies with the requirements.

Excerpts from the North Carolina Electrical Code: (as revised)

10.7 SERVICE UTILITIES.

10.7.1 CONNECTION IF SERVICE UTILITIES. No person shall make connections from a utility, source of energy, fuel or power to any building or system which is regulated by the technical codes until approved by the Inspection Department and a Certificate of Compliance is issued (General Statute 143-143.2).

10.7.2 AUTHORITY TO DISCONNECT SERVICE UTILITIES. The Inspection Department shall have the authority to require disconnecting a utility service to the building, structure or system regulated by the technical codes, in case of emergency or where necessary to eliminate an imminent hazard to life or property. The Inspection Department shall have the authority to disconnect a utility service when a building has been occupied prior to Certificate of Compliance or entry into the building for purposes of making inspections cannot be readily granted. The Inspection Department shall notify the serving utility and whenever possible the owner or occupant of the building structure or service system of the decision to disconnect prior to taking such action. If not notified prior to disconnecting, the owner or occupant shall be notified in writing within eight (8) working hours (General Statutes 143-143.2, 153A-363 and 160A-423).
