How do I get registered?

You must complete a [Voter Registration Application](#) and mail or deliver to the elections office at least 25 days prior to an election. A Voter's Information Card will be mailed to you once your registration application has been processed. This card provides your proof of registration and also provides useful information as to your precinct number and polling location. The card also displays what jurisdictions you vote in. Please retain this card as it may be used to change your address by mail should you move, change your name or change your party affiliation within Davie County. It can also be used to cancel your Davie County registration should you move out of the county. This card is not required on Election Day in order to vote.

Davie County has a permanent registration system. You need to register or request a change in your registration only if you:

- Have not registered in Davie County before.
- Have moved within the county since the last election. It is a violation of the law to vote in your old precinct if you moved more than 30 days prior to the election.
- Wish to change your party affiliation or have legally changed your name.

A registration application/change form must be postmarked or delivered to the Board of Elections 25 days prior to an election in order to be valid for that election.

I am registered as Unaffiliated. May I vote in a Primary Election?

You may register with any political party recognized in the State of North Carolina. Party affiliation determines the primary in which a voter is eligible to vote. You may also register as unaffiliated. If you do not declare a party, you will be registered as unaffiliated. During a partisan primary election, an unaffiliated voter may vote only if a party authorizes unaffiliated voters to vote in their primary. If all parties authorize unaffiliated voters to vote, the voter must choose which party ballot he wishes to vote on the day of the Primary.

When is the deadline to register to vote in an Election?

If mailed, the registration form must be postmarked at least 25 days prior to the election. If hand-delivered, the registration form must be received at the Board of Elections office no later than 5:00 p.m. on the 25th day prior to the Election.

When are the polls open?

The polls are open from 6:30 AM until 7:30 PM on Election Day.

How do I know where to vote?

When you register or make an address change or information change, or if the Board of Elections assigns you to a new precinct or polling place, the Board of Elections sends you a new voter card. Your voting place (polling place) is printed on the card. You are assigned a polling place based on the precinct where you live. You may also search with The State Board of Elections [Precinct Search](#) to determine your registration status and voting location. The voter information there is updated daily. If you don't know where to vote or if you have moved from the residence address that we have on file, don't wait until Election Day! You may experience a delay voting if your residence address is not up to date or if we have sent mail to your voter registration address that was returned to us by the Postal Service.

I drive by a polling place on my way to work. Can't I just vote there?

No. You must vote at the polling place for your precinct on Election Day. The precinct officials there will look for your name on a list of all of the voters in the precinct. If you go to a polling place other than your precinct, you must vote provisionally.

How do I know if my voter registration is up to date?

If you are not sure of your voter registration, call the Board of Election office at 753-6072 and someone will verify your registration status. You may also visit our website [Voter Search](#) to determine your registration status and voting location. This information is updated daily.

What if a voter is unable to enter the polling place because of age of physical disability?

If the voter wishes to vote on Election Day, the voter will be allowed to vote outside the polling place. This procedure is called "curbside voting". Look for the "Curbside Voting" sign and park there. A "Curbside Alert" will inform the precinct officials inside the polling place that there is someone wishing to vote "Curbside". If possible, having someone enter the voting place and informing the precinct officials that a voter needs to vote curbside is helpful. The precinct official handling the "Curbside Voters" will assist the voters in preparing the necessary paperwork. Or the voter may choose to vote by absentee ballot.

I keep getting mail from the Board of Elections office for a person that used to live at my address. He doesn't live here anymore. Why don't you remove his name from the voter registration books?

Reasons for removing voter registration are very specifically outlined in North Carolina General Statute 163.82.14. We cannot cancel a voter's registration just because someone tells us that we should. Voter registration cards are sent first class mail and are addressed to a specific person. Any first class mail that you receive that is not

addressed to you should be returned to the postman unopened. You should note on the piece of mail that the person does not live at your address.

Only after two or more such mailings are returned to our office and then after two federal elections have passed may we begin the removal process. Otherwise, we must receive official notice that the voter has registered elsewhere, has died, or has been convicted of a felony before we can remove a voter's registration records.

We may also remove a voter's registration records if we receive a signed written request from the Voter.

I will be away on Election Day. How do I vote by absentee ballot?

All registered voters in Davie County may request an absentee ballot by mail or may vote absentee in person (one-stop voting). Listing an excuse is no longer required.
