Public Utilities Department Water Treatment Operator (Part Time)

Scope of Position: Operation, maintenance and laboratory duties designed to produce a safe and adequate supply of properly treated water.

Duties Include: Work is performed on assigned shifts and includes: monitoring the plant's operations through observation, mechanical readings, and the results of standard chemical and biological tests; and making necessary adjustments in the process as demand or other operational conditions dictate. Work also includes a variety of equipment, grounds, and facility maintenance. Employee maintains records of work activities and test results. Work is performed in accordance with regulations of the State Division of Health Services and the State Division of Environmental Management. Employees work in inside and outside environments and are subject to extreme hot and cold weather, are exposed to various hazards such as loud noises, moving mechanical parts, electrical current, chemicals, fumes, odors, dusts, mists, and poor ventilation. Regular, predictable, full attendance is an essential function of the job.

Qualifications: Candidate must have a combination of education (high school diploma or equivalent) and experience; possession of a Grade "C" Surface Water Treatment Certification issued by the State of N.C. Must possess a NC driver's license.

Rate of pay: \$18.00/hour (non-exempt)

Hours for position: may include nights, holidays, weekends and will vary based on needs of department
